To my legislators:

I am writing to support the passage of Senate Bill 206.

As a speech language pathologist who has worked in the Connecticut Birth-to-Three Program, I can assure you prenatal care and information is essential to keeping mothers and their babies healthy.

The passage of this bill is not only morally right, but also fiscally responsible. It translates directly into avoiding future healthcare complications and their associated costs.

I urge you to pass this bill into state law.

Sincerely,

Claire Scully
